HAVANA, Cuba, Jan 15 (ACN) Cuban Health Minister Roberto Morales congratulated on Monday in Havana, researchers, professors, professionals and workers of the sector on occasion of Day of Cuban Science.

Morales said that this day serves as a message to pay permanent tribute to the man that has worked for Cuban science and its achievements, the leader of the Revolution Fidel Castro.

For the health sector, the work of the Cuban Revolution in the field of science has been and will continue to be decisive in the development and guarantee of the future, said Roberto Morales published on Monday in the Infomed website.

We want to recognize the work of all in the health services, university classrooms and the rest of the sector's institutions, in Cuba and abroad, we will continue working in compliance with health for all, concluded the congratulation message.
